Contracting to do construction work in one, two or three family dwellings without a proper MN DOLI license may be a violation of MN Statutes. Contracting to any do plumbing, electrical or mechanical work without a proper MN DOLI license may also be a violation of MN Statutes.

# Owner Authorization for Submitting Applications for Permits for Construction in the city of Duluth

In one, two, or three family dwellings

Permits for construction work in one, two or three family dwellings may only be issued to contractors licensed as required with MN DOLI or to the property owner. For plumbing, mechanical and electrical work, permits may only be issued to the property owner-occupant of a single family dwelling or to a properly licensed and/or bonded contractor.

Owners may authorize an agent other than a contractor to submit permit applications and other documents on their behalf after reading and understanding and signing the acknowledgement below. In this case, the permit will be issued to the owner, and the owner is responsible for payment of fees, compliance with correction orders and all codes and other regulations. The owner must sign the permit application and this form.
